

NORTHSHORE SPEECH & LANGUAGE CENTRE

Leaping Ahead with Speech, Language & Literacy

A WORKSHOP FOR PARENTS OF PRESCHOOLERS

Presented by Speech Pathologists from the Northshore Speech & Language Centre.

Topics covered include:

- ✪ Normal Communication Development in Children: A Brief overview of what to expect from sounds to sentences.
- ✪ Leaping Ahead: Practical, everyday techniques for stimulating speech, language and literacy development.
- ✪ Impairments in language, articulation, social skills, early feeding, early literacy, stuttering and hearing.
- ✪ Recognising when your child is having difficulties.

Please Note: At the start of the workshop we will provide you with a resource manual. The manual contains information on the topics mentioned above as well as many extra ideas and activities to help facilitate your child's development.

You can use this resource manual throughout the workshop. If you wish to keep it, we ask that you pay \$10 at the end of the evening. We do not make a profit on the manuals, the \$10 is just to cover the cost of printing and time spent putting them together.

If you wish for us to focus on any area in particular, please email Lauren at info@speechtherapy.com.au or Fax us on: 9410 1727 at least one week prior to the talk.

We look forward to seeing you there ☺
